When this book's first edition came out, it must have been the best general history of Chinese art going. In a limited sense, it may still be, as its competitors are not general histories of art but focused more exclusively on painting, and as it is unusual in dealing well with religious art as well as 'high' art.

Art in China - Craig Clunas - Oxford University Press

China has a recorded history of 3,500 years. The range of Chinese achievements in philosophy, literature, art, science and technology compares with those of a whole continent rather than a single country. Students learn Classical Chinese, the medium through which traditional Chinese civilization has been transmitted, and the contemporary language, which gives access to the world's most ...

Chinese. Oxford's Bodleian Library began collecting Chinese books in the seventeenth century, but the University's formal commitment to Chinese Studies began in 1876 with the appointment of the great missionary-scholar James Legge as its first Professor of Chinese. His critical translations of the Confucian scriptures and other classic texts are still used as a standard reference today.
