The most popular question by a Longshot is what brand and grade BMW engine oil do we "suggest" they should use during a DIY oil service. As basic as this question may sound, it is actually an excellent one. We have a lot of money invested in our cars, and we want to make sure we are servicing them correctly to achieve the best performance and longevity out of the engines (and not void the ...

I bought BMW 318i E90 2006, but the car consumes a lot of oil - an oil and oil filter change was made, but after only 750 km I had to refill 1 liter of oil because of the oil filter that was soaked up yesterday. Only 400km again I would have to refill half a liter of oil, and today after I have only driven 60km some oil is missing again. What could be the reason? bmw-3-series-e90. 4 Answers +1 ...

The correct oil will state on the label, "designed for use in BMW," or "meets BMW specification so-and so." If I were you, I would find a place that sells Total (ELF) products. They make a special oil JUST for BMW use. Most BMW delers use a special Castrol oil with European specifications. On the other hand, everyone I know of with a BMW LOVES ELF oil. It smoothes things down and protects from ...
