The Ultimate Fighting Champion Hall of Famer tells his story in this no-holds-barred memoir—featuring a bonus chapter in this updated American edition. In Quitters Never Win, Michael Bisping—Britain’s own Rocky Balboa—tells his life story from childhood as a British Army brat to a legendary mixed martial arts career and induction into the UFC Hall of Fame. The ultimate UFC underdog, Bisping fought his way to Number One contender three times, only to be knocked back each time. But he refused to give in, clawing his way to his first World Title shot at the age of thirty-seven—and becoming the first ever British UFC world champion. Bisping offers fresh insights about his fighting career, never-before-told stories about his film and TV career, and a harrowing account of his fighting off attempted kidnappers while filming in South Africa. Loaded with the humor and brutal honesty that first won him a following on the television show Ultimate Fighter 3, Bisping recounts his record setting thirteen-year fight career battling the likes of Anderson Silva, Georges St-Pierre, and Dan Henderson.

In How to Super Tune and Modify Holley Carburetors, best selling author Vizard explains the science, the function, and most importantly, the tuning expertise required to get your Holley carburetor to perform its best for your performance application.
