~~Ga 216 13 Gypsum Manual~~

The Gypsum Association recently released the latest edition of Application and Finishing of Gypsum Panel Products, GA-216-2016. Press releases made many salient points about this document, including the fact that it is referenced in the International Building Code as an appropriate standard for the application and installation of gypsum boards and panels.

describing the appropriate studs. Although the intention was to support the use of -30 and -33 studs rather than the use of -20EQ studs with abuse resistant or impact resistant panels, the language contained in section 2.2.12.4 used the term “base metal thickness” to communicate the recommendation.
