Cristo y Jesucristo son términos pertenecientes al ámbito religioso: Christós es un término griego que significa “ungido” y que usaba con frecuencia Pablo de Tarso, una de las figuras más importantes en los inicios del cristianismo y que contribuyó en gran medida a ...

Marción de Sínope (siglo II): Es el único gnóstico que reconoció a Jesús de Nazaret como único y verdadero Hijo de Dios. Sin embargo, el Dios que propugna Marción no es el Dios del Antiguo Testamento y, por lo tanto, su acto, más que redentor, es liberador. Es decir, el Dios del Antiguo Testamento crea al hombre y el Dios del Nuevo Testamento lo libera o manumite pagando para ello el ...

Los gestos, las acciones, las diversas frases de la vida de Cristo eran sacramentos concretizadores del misterio de Dios. Los Santos Padres hablaban de «mysteria et sacramenta carnis Christi». De él nos viene, como afirma San Juan, gracia sobre gracia (Jn 1,16); en él estaba simplemente la vida (Jn 1,4); era la misma vida (Jn 11,25; 14,6). Con Jesús de Nazaret «apareció la benignidad y ...

Eva Trout has a capacity for making trouble, attracting trouble and for spreading trouble around her. This book was the author's last completed novel, first published in 1968.

Luanne and her husband share a dream of living a simple life in the beautiful Vermont countryside. They stumble through building their own log home, gathering sap to make real maple syrup, and filling their little farm with animals. But these middle-aged homesteaders soon discover that their piece of paradise isn't without challenges.
• The dog has separation anxiety.
• The goose is afraid of water.
• There's a fox in the pigpen and raccoons in the hen house.
• Their homesick donkey cries all night.
• And their truck has slipped into the pond.
And from there, things only get worse! Drawing upon a lifetime of meaningful relationships with animals, Luanne finds the courage to persevere. And when desperate circumstances threaten all that she's worked for, Luanne discovers strength in a most surprising place.
Heart to Heart, Hand in Paw is a true tale of faith and the healing bonds of animals.
Luanne's story shares how our pets can love, comfort and teach us as we take our own journey through life.

Jelly, jiggly. What will hatch? Wiggly, squiggly. . . tadpole. What is more exciting than waiting for an egg to hatch? Creatures of all varieties begin inside an egg-and those eggs also come in all shapes and sizes. From a squiggly tadpole to fuzzy robin to a leathery platypus, this charming text and unique illustrations show eight different animals as they begin life. With a cut-out on each page readers will have fun guessing... what will hatch?

Jazz can't decide whether to scorch him with a fireball or jump into bed with him. Jasmine Tremaine, a witch who can't stay out of trouble. Nikolai Gregorovich, a drop-dead gorgeous vampire cop on the trail of a serial killer. The sizzling love affair between Jazz and Nick has been off-again, on-again-for about 300 years. Mostly off, lately. But now Nick needs Jazz's help, and while Jazz and Nick try to figure out their own hearts and resist their ever-increasing attraction, they must steer clear of a maniacal killer with super-supernatural powers. They are surrounded by a hilarious cast of oddball paranormal characters, including Irma, the chain-smoking ghost who haunts Jazz's sports car, Dweezil, her ghoul of a boss, and Pluff and Puff, a pair of bunny slippers with sharp teeth and short tempers (watch your ankles)!

This is a scholarly study which focuses on satirical prints of women in the late 18th century. Cindy McCreery's detailed exploration of this relatively neglected genre extends our knowledge of contemporary attitudes towards women and offers a new dimension to our understanding of Georgian culture.

In the first half of the twentieth century, modernist works appeared not only in obscure little magazines and books published by tiny exclusive presses but also in literary reprint magazines of the 1920s, tawdry pulp magazines of the 1930s, and lurid paperbacks of the 1940s. In his nuanced exploration of the publishing and marketing of modernist works, David M. Earle questions how and why modernist literature came to be viewed as the exclusive purview of a cultural elite given its availability in such popular forums. As he examines sensational and popular manifestations of modernism, as well as their reception by critics and readers, Earle provides a methodology for reconciling formerly separate or contradictory materialist, cultural, visual, and modernist approaches to avant-garde literature. Central to Earle's innovative approach is his consideration of the physical aspects of the books and magazines - covers, dust wrappers, illustrations, cost - which become texts in their own right. Richly illustrated and accessibly written, Earle's study shows that modernism emerged in a publishing ecosystem that was both richer and more complex than has been previously documented.

The Saga of the Runelords is written in the finest tradition of Tolkien and other works that rise above the fantasy genre to special and individual heights. Now the epic story continues, in this follow-up to "Worldbinder."
