Managerial Economics and Organizational Architecture, 6e helps the student to gain an understanding of the basic tools of economics used to solve important business problems. It also provides an in-depth analysis of the firm and corporate governance topics. The Sixth Edition continues with a focus on decision-making and managerial applications within the structure of an organization. Managerial Economics and Organizational Architecture is thoroughly integrated with the adaptive digital tools available in McGraw-Hill 's LearnSmart Advantage Suite, proven to increase student engagement and success in the course. Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need, when they need it, and how they need it, so that your class time is more engaging and effective.

Discover how to use managerial economics to both diagnose and solve business problems with this breakthrough text, designed specifically for MBA learners like you. Froeb/McCann/Ward/Shor's MANAGERIAL ECONOMICS, 4E offers a succinct, fast-paced, yet challenging, approach full of invaluable insights from cover to cover. This edition incorporates less math and fewer technical models, graphs and figures than traditional managerial economics books while emphasizing the real decisions that today's managers face on a daily basis. Current, interactive applications place you in the roles of decision maker within a variety of real business scenarios, making this book an excellent ongoing resource for your business career. The latest updates throughout this lively edition keep you abreast of the most recent economic developments and current economic challenges worldwide. With MANAGERIAL ECONOMICS, 4E you learn how to apply economic theory to even the most formidable business challenges. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Now in its third edition, this highly readable, non-technical introduction to the essential microeconomic principles is perfect for business managers. The new edition retains its global focus and economic rigor, with an emphasis on the role of information in decision-making. The text has been extensively updated and rewritten to include new and recent cases and examples from a multitude of countries and economic systems, applied to managerial situations. Utilizing economic analysis to spotlight topics in accounting, finance, human resources, and marketing, Managerial Economics, 3e employs a simple, pedagogic model, providing the most up-to-date and relevant foundation in the field. Written for managers rather than economists Each chapter begins with a real-world mini-case. Chapters are reinforced with progress checks, review questions, and discussion questions New coverage of oligopoly, time value of money, behavioral economics, experience curve, R&D strategy, and more Uses mathematics only where necessary Extensive online resources are available at <http://www.comp.nus.edu.sg/~lpng/mecon.htm> including updates to the book, PowerPoint slides, an Instructor 's Manual, and answers to discussion questions A wiki site at <http://manecon.pbwiki.com/> provides additional examples as well as contributions from readers and instructors

Thoroughly updated to reflect the post-crisis, global, and digital economy.

Directed primarily toward undergraduate/MBA students in Economics, this text also provides practical content to current and aspiring industry professionals. This text will excite readers by providing a more linear progression, while proving the consistency and relevance of microeconomic theory. The Seventh Edition welcomes a new co-author, Stephen Erfle of Dickinson College, who has contributed many revisions and improvements to the quantitative sections of the text, as well as provided a major addition: the use of Excel in the presentation of many of the numerical and graphical illustrations presented throughout the text. To strengthen readers' ability to use Excel--a critical skill in today's job market--new Excel Applications (Excel Apps) allow readers to turn the static figures and tables in the text into dynamic illustrations.
