"Industrial Maintenance and Mechatronics provides support for an Industrial Technology Maintenance (ITM) program. It covers the principal industrial technology disciplines, with a focus on electrical systems and electronic controls. It provides students with the necessary knowledge for entry-level positions in industrial maintenance and prepares them for NIMS Level 1 credentialing"--

First Published in 1990. Routledge is an imprint of Taylor & Francis, an informa company.

Will these two siblings help solve a family mystery? Find out in one of the earliest Newberry Honor Award winners! Brother and sister, Oliver and Janet, are excited to spend their summer with their cousin Jasper, who has always been cheerful and fun to be around. However, when the children arrive at his home, Jasper is despondent and distracted—nothing like the cousin they know. Eventually, the children discover that their cousin has been having trouble with a neighbor but is doing nothing to fix the problem! The siblings want to help . . . but how? Enter in The Beeman, a neighbor who regales Oliver and Janet with enchanting stories of local history. The two siblings visit the friendly neighbor more and more to hear his amazing stories but continue to wonder how they can help their cousin. As it turns out, The Beeman's tales of their family history just so happen to contain the secret to helping Jasper with his villainous neighbor! With original illustrations and beautiful, descriptive prose, this classic award-winner is perfect for young readers eager for a good, wholesome mystery. Whether you read it alone or as a family, get ready to be swept away by The Windy Hill!

Rising young comedian Moshe Kasher is lucky to be alive. He started using drugs when he was just 12. At that point, he had already been in psychoanalysis for 8 years. By the time he was 15, he had been in and out of several mental institutions, drifting from therapy to rehab to arrest to...you get the picture. But KASHER IN THE RYE is not an "eye opener" to the horrors of addiction. It's a hilarious memoir about the absurdity of it all. When he was a young boy, Kasher's mother took him on a vacation to the West Coast. Well it was more like an abduction. Only not officially. She stole them away from their father and they moved to Oakland , California. That's where the real fun begins, in the war zone of Oakland Public Schools. He was more than just out of control-his mother walked him around on a leash, which he chewed through and ran away. Those early years read like part Augusten Burroughs, part David Sedaris, with a touch of Jim Carrol...but a lot more Jewish. In fact, Kasher later spends time in a Brooklyn Hasidic community. Then came addiction... Brutally honest and laugh-out-loud funny, Kasher's first literary endeavor finds humor in even the most horrifying situations.

Ghosts of Sanctuary is a fictional love and action novel about an American female caught in a love triangle with a Mossad agent and an MI5 agent. It is an action thriller that deals with their relationships of love and betrayal. This is the romantic thriller that has a sequel titled Letters From My Ghost published by www.lulu.com. an American female caught in a love of love and betrayal.

June 11, 1940 – where is Winston Churchill?

Some girls have all the luck. So far, Carrie Fitzgerald's sixteen years have been pretty sweet. Straight A's, an adorable boyfriend, a starting position on the varsity basketball team... But Carrie's luck is about to, well, change. Suddenly, her boyfriend dumps her (to "hang out with his friends!"), she and her best friend have a massive blowout, and she gets a D on a biology test. Carrie knows what's wrong -- her mom accidentally donated her lucky T-shirt to Help India. That one adorable, perfect T-shirt was the source of all her good fortune. So Carrie does what any girl would do: She's going to India. Cross your fingers and hope that Carries finds adventure, love, and maybe just a little good luck along the way....

Are we all at the mercy of our brain chemistry? Do you think that the amygdala and the hippocampus are fantastical sea monsters? What can an MRI scan tell us? Could you explain to dinner-party guests why we don't giggle when we tickle ourselves? 30-Second Brain is here to fill your mind with the science of exactly what's happening inside your head. Using no more than two pages, 300 words and an illustration, this is the quickest way to understand the wiring and function of the most complex and intricate mechanism in the human body. Discover how the networks of 90 billion nerve cells work together to produce perception, action, cognition and emotion. Explore how your brain defines your personality, and what it gets up to while you are asleep. Illustrated with mind-bending graphics and supported by biographies of pioneers in the field of neuroscience, it's the book to get your grey matter thinking about your grey matter.
