In storytelling the most powerful
vehicle that you can use is
personalisation. Using personal
stories amplifies the message you
are trying to convey. When ideas
are attached to people as
opposed to abstract entities or
concepts there is a greater
chance of emotional connection.
People are constantly making
decisions based on how they feel.

Using storytelling as a tool, a PR agency achieves the desired result. Storytelling is an instrumental tool in the reception of commercials, PSAs, and presentations amongst the target audience. Effective storytelling by PR agency captures the listener's or reader's attention and affects their brain—it activates more areas of the brain than purely factual content.
