When We Wake by Karen Healey is set in Melbourne, firstly in the year 2027 and
later in the year 2127. In the beginning Tegan Oglietti is sixteen and on her way to
a climate change protest, along with her best friend, Alex, and her new boyfriend,
Dalmar.

~~When We Wake (When We Wake, #1) by Karen Healey~~

When We Wake My name is Tegan Oglietti, and on the last day of my first lifetime,
I was so, so happy. Sixteen-year-old Tegan is just like every other girl living in
2027—she's happiest when playing the guitar, she's falling in love for the first time,
and she's joining her friends to protest the wrongs of the world: environmental
collapse, social discrimination, and political injustice.

But altogether, *When We Wake* is a smart, intelligent book that portrays a very plausible futuristic society, toys around with interesting medical possibilities, and is narrated by an admirable young woman. In some places I wish Karen Healey had delved a bit deeper into her subject matter, but overall this was a very interesting book.

While We Run by Karen Healey is the sequel to *When We Wake*, set in a futuristic version of our world. Abdi and Tegan have been on a two-month tour, enforced by SADU handlers, Diane and Lat. If they don't play their parts they are punished, or worse, forced to watch the other receive punishment. But things are set to change: decisions must be made and it will be up to them. In the episode Nana Gallagher Had an Affair, Karen explains that she lost her virginity when she was 13 years old, and has been sexually active ever since. Her manipulative actions towards Lip and other people in her life including Hiram, make her one of the two main antagonists of Season 2. Karen only makes appearances in Seasons 1 through 3.

~~Karen Jackson (US) | Shameless Wiki | Fandom~~

When We Wake stands apart from much of the modern science fiction I have read recently, despite being a novel aimed at young adults. Its setting and themes arise from 21st century culture and issues rather than merely parroting the anxieties of its science fiction forbears. It addresses subjects of contemporary importance in a realistic and relatively nuanced way. It is true that the author ...
