Japanese that precipitated the entry of the United States into World War II. The strike climaxed a decade of worsening relations between the United States and Japan. A U.S. battleship sinking during the Pearl Harbor attack.

Pearl Harbor attack | Date, History, Map, Casualties ...

The Attack on Pearl Harbor was a surprise military strike by the Imperial Japanese Navy Air Service upon the United States against the naval base at Pearl Harbor in Honolulu, Territory of Hawaii, just before 08:00, on Sunday morning, December 7, 1941. The attack led to the United States' formal entry into World War II the next day. The Japanese military leadership referred to the attack as the Hawaii Operation and Operation AI, and as Operation Z during its planning. Japan intended the attack as

Access Free World War 2 Pearl Harbor Through Japanese Eyes The First Stories

action hurled the United States into the global conflict of World War II, a violent conflagration that the nation, fiercely isolationist, had intended to ignore. But the rising tide of militarism across the globe meant that American neutrality could not last. War was contagious, and sooner or later, no matter how a nation tried to quarantine itself, the infection would find it. To the people of the United States, the attack came as a complete surprise. Perhaps Americans should have expected it. Tensions between the U.S. and Japan had been steadily increasing throughout the year, and American sanctions against Japan were hindering the efforts of the Japanese to become the dominant power in the Pacific. Inside you will read about... - America Opens the Door to Japan - Pearl Harbor, Home of the Shark Goddess - Air Raid Pearl Harbor, This Is No Drill - The Commanders - The Story of a Survivor And much

more! Ironically, a mock naval exercise the decade before the Pearl Harbor attack had foreshadowed the penalty of ignoring the base's vulnerability, but the naval higher-ups refused to believe it, setting the stage for the real attack in 1941. The commander of Pearl Harbor, Admiral Kimmel, was convinced that the attack would be made against Wake Island. But Japanese Admiral Yamamoto's shrewd planning was as devastating as he intended it to be, as America's Pacific base lay in ruins-over 2,403 dead, 1,178 wounded, and the fleet devastated. Yet, the day after the attack, while Japan rejoiced, Yamamoto was despondent. Japan, he knew, could not win a long, drawn-out war. The Americans would be out for revenge.

Hawaii, 7th December 1941, shortly before 8 in the morning:

Access Free World War 2 Pearl Harbor Through Japanese Eyes The First Stories

Japanese torpedo bombers launch a surprise attack on the US Pacific fleet anchored in Pearl Harbor. The devastating attack claims the lives of over 2,400 American soldiers, sinks or damages 18 ships and destroys nearly 350 aircraft. The US Congress declares war on Japan the following day. In this vivid and lively book, Takuma Melber breathes new life into the dramatic events that unfolded before, during and after Pearl Harbor by putting the perspective of the Japanese attackers at the centre of his account. This is the dimension commonly missing in most other histories of Pearl Harbor, and it gives Melber the opportunity to provide a fuller, more definitive and authoritative account of the battle, its background and its consequences. Melber sheds new light on the long negotiations that went on between the Japanese and Americans in 1941, and the confusion and argument among the Japanese

Access Free World War 2 Pearl Harbor Through Japanese Eyes The First Stories

political and military elite. He shows how US intelligence and military leaders in Washington failed to interpret correctly the information they had and to draw the necessary conclusions about the Japanese war intentions in advance of the attack. His account of the battle itself is informed by the latest research and benefits from including the planning and post-raid assessment by the Japanese commanders. His account also covers the second raid in March 1942 by two long-range seaplanes which was intended to destroy the shipyards so that ships damaged in the initial attack could not be repaired. This balanced and thoroughly researched book deepens our understanding of the battle that precipitated America ' s entry into the war and it will appeal to anyone interested in World War II and military history.

Access Free World War 2 Pearl Harbor Through Japanese Eyes The First Stories

Tomikazu Nakaji's biggest concerns are baseball, homework, and a local bully, until life with his Japanese family in Hawaii changes drastically after the bombing of Pearl Harbor in December 1941.

Describes the Japanese surprise attack on the United States naval base at Pearl Harbor, which resulted in the deaths of more than 2,000 American officers and servicemen and an immediate declaration of war on Japan.

Traces the rise of Japan as a military power and the emergence of the United States as a world superpower that found itself drawn into World War II after the attack on Pearl Harbor.

"A Pulitzer Prize-winning reporter chronicles the 12 days leading up

Access Free World War 2 Pearl Harbor Through Japanese Eyes The First Stories

to the Japanese attack on Pearl Harbor, examining the miscommunications, clues, missteps and racist assumptions that may have been behind America's failure to safeguard against the tragedy,"--NoveList.

This is a fascinating new account of how diplomacy and politics gave way to military strategy and warfare in the Pacific. Presenting previously unpublished photographs, interviews with veterans, newly commissioned maps and new translations of Japanese sources, this book freshly examines the key events in the fight for the Pacific. Detailing the background to the Japanese attack on Pearl Harbor it shows how the decision-makers in Washington, following consultation with the leaders of Britain, Australia and New Zealand, moved to stop Japan from its drive toward Australia by initiating a

Access Free World War 2 Pearl Harbor Through Japanese Eyes The First Stories

counterthrust in the Solomon Islands. It also shows how qualities and character of leadership are crucial to winning wars, detailing how Admiral Ernest J. King managed to commit the Marine Corps to ground action in the South Pacific six months earlier than originally planned, by ignoring the Roosevelt ' s commitment to defeat Germany prior to fighting Japan, and by outmaneuvering Gen. Douglas MacArthur for leadership. It also explains how Marines under Maj. Gen. A.A. Vandegrift, despite inadequate logistical support, managed to prevail in the Americans ' first ground campaign of World War II, making Japan ' s ultimate defeat inevitable. In addition to recounting these key events, it traces how censorship and patriotism influenced the reporting of the conflict in America, how Hollywood films further shaped public opinion by portraying the significant events in particular ways, and

Access Free World War 2 Pearl Harbor Through Japanese Eyes The First Stories

how certain crucial decisions such as the early bombing raid of Tokyo, and giving Douglas MacArthur command of the war effort in Australia, were "political" rather than "strategic," and were made to foster morale rather than to gain any military advantage. This book will be of great interest to all students and scholars of Military History, and to all readers with a general interest in World War II, particularly in the conflicts of the Pacific, Pearl Harbor and Guadalcanal.

“ A valuable reexamination ” (Booklist, starred review) of the event that changed twentieth-century America—Pearl Harbor—based on years of research and new information uncovered by a New York Times bestselling author. The America we live in today was born, not on July 4, 1776, but on December 7, 1941, when an armada of

Access Free World War 2 Pearl Harbor Through Japanese Eyes The First Stories

354 Japanese warplanes supported by aircraft carriers, destroyers, and midget submarines suddenly and savagely attacked the United States, killing 2,403 men—and forced America ' s entry into World War II. Pearl Harbor: From Infamy to Greatness follows the sailors, soldiers, pilots, diplomats, admirals, generals, emperor, and president as they engineer, fight, and react to this stunningly dramatic moment in world history. Beginning in 1914, bestselling author Craig Nelson maps the road to war, when Franklin D. Roosevelt, then the Assistant Secretary of the Navy, attended the laying of the keel of the USS Arizona at the Brooklyn Navy Yard. Writing with vivid intimacy, Nelson traces Japan ' s leaders as they lurch into ultranationalist fascism, which culminates in their scheme to terrify America with one of the boldest attacks ever waged. Within seconds, the country would never be the same. Backed by a

Access Free World War 2 Pearl Harbor Through Japanese Eyes The First Stories

research team 's five years of work, as well as Nelson 's thorough re-examination of the original evidence assembled by federal investigators, this page-turning and definitive work “ weaves archival research, interviews, and personal experiences from both sides into a blow-by-blow narrative of destruction liberally sprinkled with individual heroism, bizarre escapes, and equally bizarre tragedies ” (Kirkus Reviews). Nelson delivers all the terror, chaos, violence, tragedy, and heroism of the attack in stunning detail, and offers surprising conclusions about the tragedy 's unforeseen and resonant consequences that linger even today.

The story of Japanese involvement in WWII is one that includes a number of amazing events between 1939 and 1945. The Japanese went from fighting against just the Chinese to attempting to
